*When I opened my results, I was very pleased with myself. I felt that all the work I had put in came out in my grades and so I was proud of myself. God willing, I would like to study Pharmacy at university. **Marina, 12 Vincent***

*I was extremely surprised and happy when I opened my GCSE results, and realised my hard work and revision had finally paid off, and I was able to do the A-levels I wanted. Hopefully, I will be able to go to university and do the course I want to if I work hard for my A-levels. **Zoe, 12 Vincent***

*Finishing my GCSEs took a great amount of hard work and it was very time consuming. However, at the end, when I saw my results none of that mattered. The joy of realising my dedication had paid off was indescribable. **Maya, 12 Vincent***

*I was very pleased with my GCSE results. I had some doubts and fears but those were replaced with shock and happiness when I got my desired grades and even better. The only think I regret is not studying as hard in Yr 10 to ensure all of my grades reached the top end of my abilities. Hard work really pays off in the end. **Katarzyna, 12 Sebastian***

*Wow! thank you for believing in me - I did it. **Disha, 12 Fabian***
